Between Germany and Home University

Difference

The Way How I take Exam

Usually in my home university, we take exam with a printed paper. But here I was surprised that I take Oral Exam. I think it is a good way to examine students' knowledge.

Social Credit

Here students in Reutlingen have to get certain level of social credits with some activities. But my home university don't have it, and I think it's a great way to promote students participate in many activities

Similarities

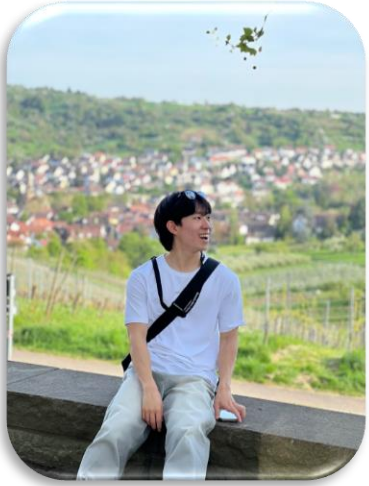

Library

Same as my home university, there are numerous kinds of books in the library, so I can find any books I want. Also students come to library when they want to focus more on their studies

Student Restaurant (MENSA)

I can enjoy delicious food in the student restaurant within a cheap price in here too.

STAYING IN HOCHSCHULE REUTLINGEN

Germany is located in the middle of Europe. So I could travel around many countries! On the weekend and breaks, I often went out for travel so that I can experience many cultures! I felt happy that I can experience german education and European cultures at the same time!

I could also make many global friends. And I went Scotland with one of those friends. It was a big experience for me to travel with him. During the trip, I could share many thoughts with him and tried many new things thanks to him.

TIPS FOR FUTURE SCHOLARSHIP HOLDERS

There are a lot of good hiking spots we can enjoy nature. So If you're worried about the budget for travel abroad, don't worry. We can go hot places in Baden-Württemberg, too!

You can feel a lot more comfortable when you stay in a single room. Because you don't need to worry about other's using kitchen and bathroom. But don't forget that it's a bit expensive.
